High School, Bloomfield, N. J.

Foreword

THE conclusion of our high school days has arrived, and with it a challenge to our right to be free—in body and in spirit—a challenge to our freedom from want, from fear, from aggression. We are now faced with the responsibility of maintaining and preserving our sacred heritage—our American way of life. The choosing and following through of our life's work is not only a right but also a privilege to be guarded zealously by boys and girls alike.

We must take up the challenge of our forefathers who valiantly pledged their lives, their fortunes, and their sacred honor to Liberty's cause. Through our Constitution, they gave refuge to the persecuted, liberty to the oppressed, faith to the despairing, and opportunity to the ambitious. The task remaining before us is not easy, and at times will grow heavy, but we shall face it with courage and hope in our hearts.

Face to face we shall meet this challenge, for we must emerge victorious!

Dedication

We feel deeply the loss of Joseph E. Poole, our leader and friend. To him and to his ideals of love and service, we humbly dedicate our annual, **Challenge**.

Mr. Poole's contribution to our adjustments and happiness in Bloomfield High School can never be measured in high sounding phrases or words. His ever-ready guidance and helpfulness will always remain a large part of our memory of his leadership, not only in our very own lives, but of every part of Bloomfield High School which he made so real.

We shall never forget the ideals which he held up to us of being fair to ourselves, as well as to all others with whom we work and live. His spirit of clean sportsmanship will have a lasting influence upon us. Mr. Poole's every wish would be for us to carry on in our own lives these ideals of love and service. May his spirit give us the courage to meet the challenge of life!

Faculty

Edgar S. Stover

A civic-minded, generous, God-fearing educator. This is Edgar S. Stover, our Superintendent of Schools. Entering our school system in 1911 as a teacher of commercial subjects, he soon gained a host of friends. In 1912 the Board of Education, recognizing his worth, made him its secretary. In 1919 upon the retirement of Miss Ella Draper as principal of the high school, Mr. Stover was elevated to her position. Here he continued to show his ability as an educator, until, in 1928 when Mr. George Morris passed to his final reward, Mr. Stover was made Superintendent of Schools. This position he has held until the present time. Mr. Stover is now retiring and has earned a well-deserved rest. We, teachers and pupils alike, will miss him. May he live long and continue to prosper!

Lieutenant Neal E. Takala

Friend, teacher, patriot. A credit to our school system, and to these United States. United we are in our sorrow at the loss of Neal Takala who volunteered to go that the things for which our forefathers fought might be saved.

A member of the Army Air Corps and aviator with the American Forces in the East Indies. Killed in service in Australia.

We, who carry on, salute your memory.

Neal Takala

Sweet is the memory of one whose name
Was writ as yours. No need of eulogy,
Great-hearted, generous boy, though gone, we see
You just as yesterday—ah, just the same.
The stalwart, athlete form, the quiet mien,
The honest, trusting eyes, the little smile—
All these were yours, and they linger while
We feel you are among us . . . yet unseen.
Live on in memory undimmed though years
May mock us with forgotten yesterdays.
And each tomorrow bring fresh smiles and tears
For new-born joys or griefs . . . or blame, or praise.
Grief smiles through tears and turns to joy anew
When memory's sweet fancy pictures you.

Advisers

To Miss Mabel V. Jenkins, our friend and adviser, we express our appreciation for the earnestness with which she has labored in our interests and for her guidance in our endeavors during our high school days.

Our acquaintance with Mr. Seymour Willits began when he replaced Mr. Urband as our class adviser. We gratefully acknowledge his sincere interest in us and the many services he has rendered us during the latter half of our high school career.

We salute Lieutenant Colonel Edward M. Urband, U. S. A., for his cooperation and leadership as adviser for our class for two years. We are glad to have had his leadership.

And Yet It Seems . . .

Oh, but it's great to be a Senior!
We're through with delving blindly into ancient lore.
We've earned the right to shake from off our sandals
The dust of books, thick laid on learning's shore.

Oh, but it's great to a Senior.
No more we waste our youth that flies so fast;
No more shall ancient tongues and battles vex us;
We're free from rules—our days of bondage past!

My chains are loosed; the prison doors are open;
Real things whose shadows I have come to know
Now wait, and action calls. Why am I pausing?
It cannot be that I am loathe to go?

Here it was I met you. We have been
Friends through these years; your every thought I know.
In healthy rivalry we've worked and played,
And it must be that I am loathe to go.

Oh, Senior days are tinged with thoughts of sadness;
Successors crowd us though we fain would stay
With books and friends that we have loved together—
As, yes, to be a Senior yet another day!

Oh, but it's great to be a Senior—
When broader vision, new-earned wisdom show
The meaning of our tasks, our play, our friendships.
I would not stay—yet I am loathe to go.

Class History

"O H, golly, wrong stairway! Oops! Pardon me!!"
"Oh, I don't belong here!"

What's that? Just those 471 new freshmen rushing up wrong stairways, bumping into each other at corners, and always finding themselves in the wrong classes. Since there were more of them than in the whole senior class, Mr. Poole appointed two advisers, Miss Jenkins and Mr. Urband, to keep them on the right track. But they soon proved that they weren't entirely hopeless, for ten freshmen were on the next honor roll with Eleanor Sorg, Edward Meharg, Lorraine Manus, and Dorothy Holmes making averages of 93% or over. David Noltie, Kenneth Epple, and William Petersen were the first of our class to be assigned to the **Student Prints** Staff, and the same for Marvin Winship's appointment to the Student Council. Then Florence Fleming was made an honorary member of the Girl Reserves, something more to distinguish these rising young hopefuls!

And so they became sophomores! Marvin Winship is found leading the class as president with Wade Marsters as vice-president, Virginia Elwood as secretary, and Dave Noltie as treasurer. Winner of the Fire Prevention Contest that year was our own Barbara Rhodes. Edward (Einstein) Meharg topped the honor roll this time with an average of 95.2%! Wade Marsters, Edward Heeb, Harry Sanfilippo, and David Struble were elected to the Student Council, making five representatives in our sophomore year.

Juniors! And to give that year a shining start, several outstanding sportsters from our class arose to bring victory to the Bengal teams. These cheered-for football heroes were none other than Bob McGowan, John Delaney, and Ray Lounsbury. Bill Marfuggi, star of the team, even went so far as to merit the title of ground-gainer for the season. Then we had Al Bianco, B. H. S. boxing champ, winning two trophies in tournaments. A'votin' we went, and chose for our officers, Dave Noltie, Byrne Sullivan, Kenny Epple, and Dot Myers. Making gala prom arrangements were Dave Noltie, Ed Heeb, Barbara Dwyer, Bob Chandler, and Edna Bennett. At honor-roll time Eleanor Sorg's and Betty Wright's names again caught our eye up there at the top of the high honor list. The **Student Prints** boasted of Doris Irby and Joan Willits as two of its editors that term, and 14 were working on the staff. Well, we began our third year by cheering our rising athletes, and ended it with the introduction of the musically minded. At a P. T. A. Kenny Epple, first tenor, sang in a double quartet. The year ended with the successful production of the Mexican musical, "Carmelita", which starred Helen Smith, Kenny Epple, and Harry Sanfilippo.

Three years completed with only one more to go—and go to town we did! Our class was headed again by the same officers as during the previous term, while Marvin Winship and Betty Wright headed the whole student body as president and vice-president, respectively, of the Student Council. We heard from Bill Marfuggi again as co-captain of the football team, and from our vice-president, Byrne Sullivan, as captain of the cheerleaders. At last—the event which we had been looking forward to was discussed, chosen, practiced for, and presented, and—well need we continue? Yes, it was our play "Incognito". Let's see, what have we in the line of journalism? Rosemary McCloskey and Carl Drozdowicz, Fire Prevention essayists, won prizes, while Eleanor Seidel ascended into the position of editor-in-chief of the **Student Prints** after having acted as co-editor. Then followed a list of newly elected executives in various organizations, including Virginia Reed, president of the National Honor Society; Helen Smith of the Girl Reserves; Bob McGowan of the Hi-Y; Marvin Winship, lieutenant of the Student Patrol and Air-Raid Wardens; and Betty Wright, chosen as a D. A. R. (What a class!) Not overlooking the Scholastic Serenaders, who entertained us at dances and shows, we had Bob Smith, Bill Kotcher, Ellsworth Phoebus, George Wyble and Maynard Heckel representing our class. The boys with the oratorical powers were Dave Struble, winner, and Ed Meharg, alternate, of the Oratorical Contest sponsored by the American Legion.

Needless to say, this history proves many things about our graduating class. Let's hope we'll have as much fun, luck, and success in our future undertakings.

"Incognito"

In the eerie stillness of the night, a shot pierced the silence of the officers' lounge and Ed Breunig, alias Erich Jagendorf, alias Yaggy, collapsed in a heap on the floor. Exit Breunig.

And so began our little mystery comedy, presented on those memorable evenings of December 12 and 13, 1941. As the houselights went on and the curtain dropped on the first scene, everyone was asking, "Who done it?"—"Who killed Yaggy?"

The answer—"How do we know, since he was the only character in the first scene?" Now let's get on and meet a few more interesting people, as long as Yaggy's safely done away with.

Remember how Marilyn Joy played the efficient head stewardess, and how Mary Connelly as Miss Hildick rubbed her eyes right through the spectacles she wore? Who could forget the way Dora Montini portrayed Trudy Blitt, the snappy little typist from Brooklyn? You, no doubt, felt a little squeamish yourself when Joan Willits, as Chic Johnson, made love to her bottle of prune juice, due to a slight case of seasickness. Say, you remember Mrs. Bascomb, don't you? That snobbish sophisticate who carried on several love affairs at once? And did Helma Billerbeck play that part!—Whoopee! There's Thumblull, really Phyllis Greenwood, in her best clowning—and the dramatic Gertie Shields played by Hope Collins. That lipstick really did look like blood. When it comes to acting, Mrs. Shulman (Phyllis Myers) did a wonderful job. 'Fess up now, weren't there a few tears in your eyes? Our little heroine, Connie Copp, who enacted the part of Helen Clark, really had us fooled there with the flighty act for a while with Seedy (Katherine Crawford) Sloan as her little echo.

- Wait, here comes the murderer himself! If it isn't Maynard Heckel in the role of Captain Mitchell! Remember how the sophomore girls sighed when hero Artie Gillett, as Fred Collins, walked on the stage? Too bad he lost his mustache—Beware! Here comes Herr Von Stumm. We're goners. Why, it's only Emil Plaveczky! He had us fooled! Just about everyone thought that the nasty Nazi, Peter Schmey, slapped the girls in a brutal way, but we had our two brave American sailors, Tom Englehart and Les DePew to keep things going smoothly. Those two snappy stewardesses Grace Jollie and Rosemary McCloskey were good, too.

It was a lot of fun, wasn't it? Oh, well, it's all over now . . .
